**To: Alfijo, Marko, Rok, Tomaz, Tina, and Camper Club Slovenija**

***As Representative of the POLISARIO Front (Western Sahara) to the Balkan Countries, with head office in Ljubljana,***

***I would like on behalf of the Saharawi people to express my sincere gratitude for the assistance (school equipment and sports) that you have brought from Slovenia to Mauritania to be delivered following our dear friend Andrej Sahrawi authorities in Tifariti, liberated Saharan territory.***

***This important initiative performed by a group of friends to help in solving the enormous needs faced by thousands of Sahrawi refugees who are over 36 years living on the generosity of volunteers like you. While its territory illegally occupied by Morocco has many natural resources (phosphates, fisheries, oil, uranium, iron and many more untapped) and exploits illegally without benefiting from them their legitimate owners, the Sahrawis.***

***Again, this Representation is grateful for this initiative and informs him that is available in Ljubljana for any suggestions or activity or project that they will make on the Sahara and in which we participate.***

***Now, thanks to our friend Ales Skronsek-Ples, I have your contact and keep you constantly informed of the situation in Western Sahara.***

***With my best wishes .
